

**Leptospira biflexa Antigen**

Patoc
native, Broth culture

Cat. No.	Amount
PR-BA125-S	250 µg
PR-BA125-L	1 mg

For general laboratory use.

Shipping: shipped on dry ice

Storage Conditions: store at -80 °C

Additional Storage Conditions: avoid freeze/thaw cycles

Shelf Life: 12 months

Form: liquid

Culture system: Broth culture

Protein concentration: Lot specific. Determined by Bradford assay (Biorad) using BSA as standard.

Preservation: None

Analysis: ELISA

Preparation: Alcohol extracted organisms presented in water.

Inactivation: This product has been inactivated by sodium azide treatment. Confirmed inactive by attempted growth under original culture conditions. Since no procedure can guarantee absolute sterility, the reagent should be handled with appropriate safety precautions.
